Summary

Frontend Developer with **4 years of experience** in building responsive, high-performance web applications using **React.js, Next.js, TypeScript, and Tailwind CSS**. Proven track record of delivering scalable solutions for startups and enterprise-level companies. Passionate about AI-driven solutions and optimizing user experiences.

Skills

Time management, React, Problem Resolution, Performance Improvement, Agile Development, React, Git, GraphQL

Experience

Minute Master

Frontend Developer • Remote London

01/2024 - Present

- Led the development of the Bookcase page for a board meeting management web app, ensuring a smooth user experience and functionality.
- Implemented logic to create bookcases, add agendas, and share them effortlessly.
- Collaborated with the backend team to integrate GraphQL endpoints and APIs, and worked with the design team to improve the UI.
- Developed the Permissions page to grant granular access based on regions and restrict access based on roles.

Zalando

Frontend Developer • Remote, Berlin

06/2023 - 12/2023

- Contributed to the development of Zalando's **customer-facing e-commerce platform**, focusing on improving the checkout and product listing experience.
- Built reusable UI components using **React.js** and **TypeScript**, enhancing development efficiency and consistency.
- Collaborated with UX designers to implement responsive and accessible designs, ensuring a seamless shopping experience across devices.
- Integrated **RESTful APIs** for dynamic content updates and search functionality, improving page load times by 15%.
- Delivered high-quality features within tight deadlines as part of an Agile team, adhering to best practices in code quality and testing.

Relsify

Frontend Developer Internship • Remote, Nigeria

11/2022 - 05/2023

- Developed and maintained the **admin app** for a real estate platform specializing in shortlets, apartments, and crypto payments.
- Built features for **property management**, including listing creation, editing, and status tracking.
- Implemented **payment tracking** for crypto transactions, ensuring secure and transparent financial operations.
- Designed **user management modules** for admin oversight of tenants, landlords, and property details.
- Enhanced UI/UX for **dashboard analytics**, enabling admins to monitor bookings, revenue, and occupancy rates.
- Created a feature to **update FAQs on the main website directly from the admin app**, improving content management efficiency.
- Collaborated with backend teams to integrate APIs for real-time data updates and reporting.

TechSolutions Inc.

Junior Frontend Developer • Remote, Nigeria

03/2021 - 10/2022

- Developed and maintained client websites using React.js and Tailwind CSS, ensuring responsive and visually appealing designs.
- Integrated third-party APIs for payment processing, analytics, and social media sharing.
- Collaborated with designers to implement pixel-perfect UI/UX designs.
- Conducted code reviews and implemented best practices to improve code quality and maintainability.
- Reduced page load times by 25% through performance optimization techniques.

Freelancer

Freelance Frontend Developer • Remote

06/2020 - 02/2021

- Built custom websites and web applications for small businesses and startups, focusing on user-friendly interfaces and responsive design.
- Worked with clients to gather requirements, design wireframes, and deliver tailored solutions.
- Utilized HTML5, CSS3, and JavaScript to create interactive and dynamic web pages.
- Gained experience in project management, client communication, and meeting tight deadlines.

Certificates

Advanced React and Typescript – Udemy, Frontend Development with Next.js – Coursera, Javascript Algorithm and Data structures – freeCodeCamp
